How can I download Adobe Photoshop. Adobe Photoshop is a raster graphics editor. Digi Tech Space Adobe Photoshop Cs6 Free Download Full Versioninstmank Lowest PriceQ: How to add a class to a specific td element based on its content using javascript? I am trying to create a javascript function that adds a class to a specific td in a table row, based on whether the content in the td element is "x" or not. I have been able to find solutions for adding a class to all td elements, and also adding a class to the same td element based on a specific string in it. Here is my function: function listFilter(filter) { var filterRE = filter.toLowerCase(); var str = ""; for (var i = 0; i < list.length; i++) { for (var j = 0; j < list[i].length; j++) { str += " " + list[i][j].text; } if (filterRE.test(str)) { str += " " + list[i][j].text; } else { str += " " + list[i][j].text; } } }
